BeMe Boxes deliver a long awaited update to the traditional musical jewelry box by celebrating a variety of hobbies and activities popular with girls today. Each box is designed by us, features a hand-painted look, and plays a unique song. BeMe Boxes aim to inspire girls to embrace their individuality and follow their dreams.

BeMe Boxes were introduced in April 2009 and have already received rave reviews! You can check them out on <http://want2beme.com/blog/buzz>. They retail at \$35 both online & in stores.

Our BeMe Box fundraiser was structured to be hassle-free & fun for everyone involved. Girls receive a timeless keepsake, **personalized** just for her! Parents get to give a gift that inspires girls to stay true to their wonderful, unique selves, a message that is so important to send to vadolescent girls. And most importantly, your team receives the funding without any hassle!
